

# Innovation & Commercialization Seminar Series

## Why Attend?

- Better Prepare for Grants
- Have **your** research reach **patients**
- Let us give you the network, the experts, and the tools.

Seminars are held at the 89 Chestnut Street Conference Centre, St. David Room (3rd floor).

## Commercialization - March 18

**Dr. Fraser Shein**, Bloorview Research Institute, Bloorview Kids Rehab

**Dr. Kellie Leitch**, University of Toronto, Associate Professor, Health Innovation and Commercialization

- Understand what prevents the best research from getting to patients so you can design around it.

## Intellectual Property - April 15

**Jay Lefton**, Senior Partner, Ogilvy Renault LLP

**Joelle Faulkner**, Ivey Centre for Health Innovation & Leadership

- Learn how patent searching and development can help your research excell.

## Business Planning - May 13

**Dr. Kellie Leitch**, University of Toronto, Associate Professor, Health Innovation and Commercialization

**Dr. Geoff Fernie**, Vice President, Research, Toronto Rehabilitation Institute

- Engage with clinicians who have commercialized to discuss possible structures that can achieve scientific commercialization.
